

Year 7 at Kingsgrove North High School

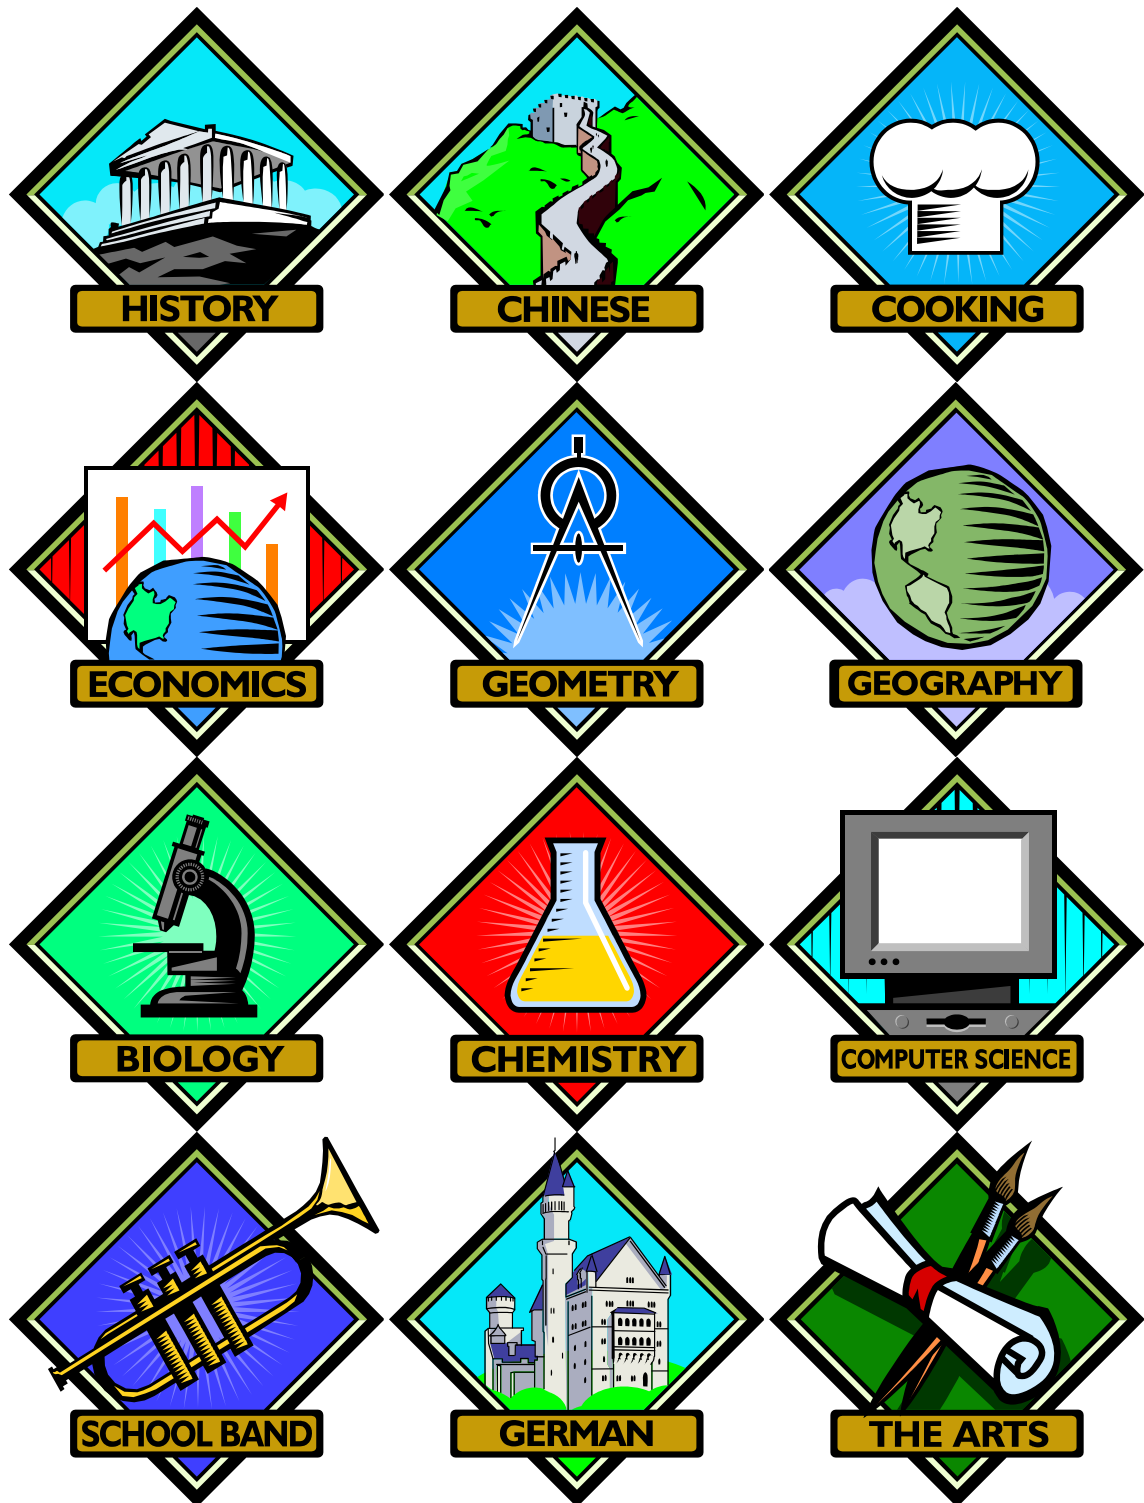

Next year after Christmas I will be starting at a new school. My new school will be Kingsgrove North High School. I am really excited to be starting a new school.

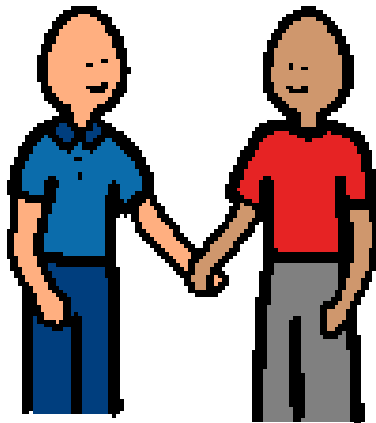

**It is Ok to feel nervous about starting a new school.
Everyone does!**

The exciting thing about High School is all the different subjects you might get to do.

The other great thing about High School is all the new friends that you will make.

This is the entrance to the office at Kingsgrove North High School. If I need anything or I am not sure about something the office ladies will help me.

Office Ladies

I must try and be on time for High School. School will start earlier than it did in Primary School. Roll call is at 8.45am so I must be at school be about 8.30am.

If I am late I must sign in at the office. They have a really cool computer system at Kingsgrove north High School. You must swipe your card.

If you forget your card you still need to see the office ladies and get your name marked off.

BELL TIMES

MONDAY				TUESDAY				WEDNESDAY				THURSDAY				FRIDAY

*When you hear the bell to start the day go to your **ROLL CALL** class immediately.

*On Mondays, go to Assembly.

*If you are late for ANY REASON, go to the office to obtain a late note.

These are the school bell times at Kingsgrove North High School. The bells go at all different times of the day to change classes. I need to keep this with me all the time so I know when the bell will go.

Some schools have music instead of a bell.

I must remember to be organised in High School. I will have a school diary and I must write in it every lesson. I need to check this each night to do my homework.

ROVE NORTH HIGH SCHOOL 3 December 2010 12:23:33 PM

This is what the timetable will look like. It can be a bit confusing at first. It is best to colour code it for the different subjects. The STLA will go through this with me when I start next year. I should have a copy in my diary and one at home.

I need to check my timetable and I must pack my bag the night before. I have to make sure I have all the right equipment for the next day.

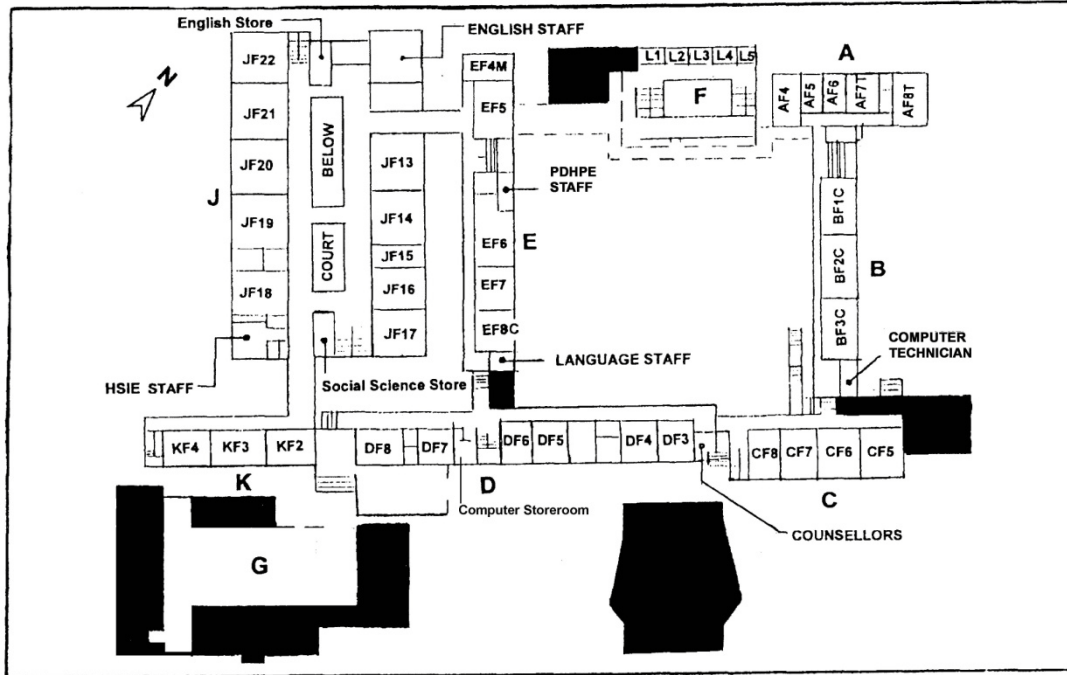

I must make sure I do all my assignments on time. I don't want to leave them till the last minute I should plan to do them in lots of time.

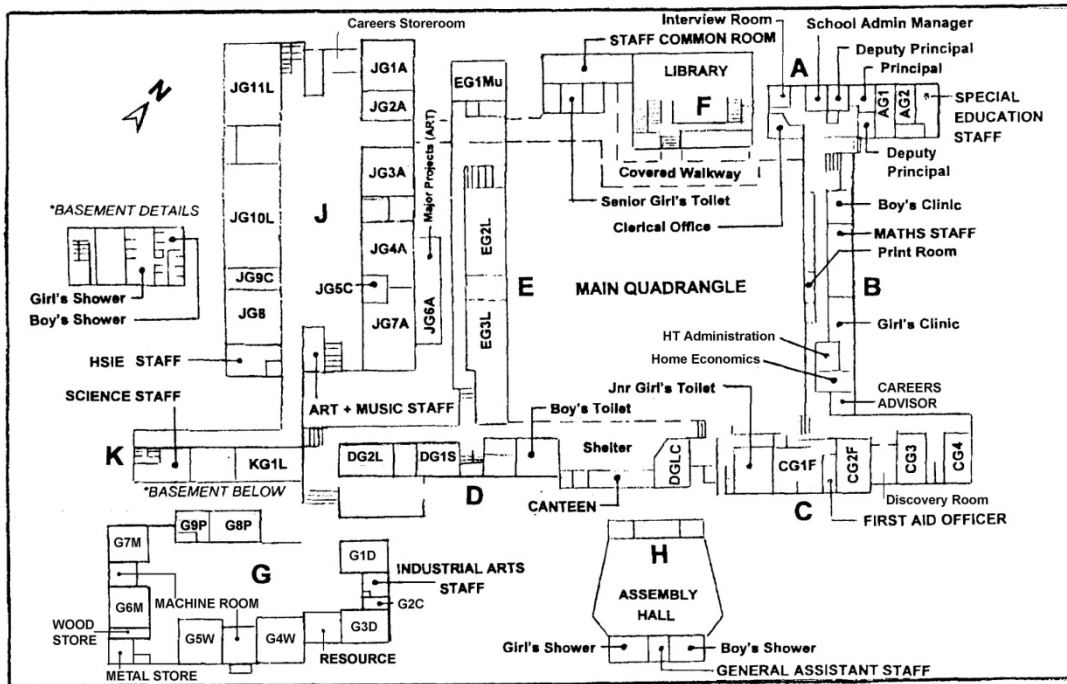

If I don't understand something I must ask a teacher for help.

KINGSGROVE NORTH HIGH SCHOOL – TOP FLOOR

KINGSGROVE NORTH HIGH SCHOOL – GROUND FLOOR

This is the school map. You might need this to get around for the first few weeks. It is a big and busy place.

The playground can be a busy place. It can be noisy, there will be lots of kids running and playing. It will be a bit like primary school. You might feel a bit little next to the big kids at first. Don't worry, one day you will be the big kid.

If I need a break from the playground the library might be a good place to go for quiet time and to relax. I can borrow books, work on the computer or look at pictures.

If someone at High School is not nice to you it is important to tell a teacher.

You can tell Mr French, this is his office.

If you feel sad about something it is important that you talk to someone. This could be a friend, your teacher or you can always go to the School Counsellor. Ms Hahn's office is upstairs.

This is the Principal's office. You must always knock and wait to be invited in to the Principal's office.

1

CANTEEN WILL BE OPEN FROM 8.00am -2.00pm DAILY

The canteen ladies work very hard. I must always say please and thank you to the ladies in the canteen.

We will have assemblies, special ceremonies and sometimes sport in the hall. The hall is at the back of the school. It is a very big place at High School and it can be busy because the whole school will need to fit into it.

If I don't like all the noise or people in the hall I must tell the teacher.

When you get into Year 9 and 10 you will start to think about what you want to do when you finish school or for work experience. The person you need to talk to is the Careers Advisor.

High schools are big places. They have different levels with lots of different rooms. If I get lost I must check my map or ask a teacher.

The corridor can also be busy and noisy especially between different classes.

**I can get involved in lots of different things at
Kingsgrove North High School.**

**They have different sports, Student Representative
Council, dance, drama and music.**

I can't wait to start at Kingsgrove North High School.

I'm so excited!
